

DEMONSTRATE KNOWLEDGE OF THE REGULATORY FRAMEWORK FOR LIFTING MACHINES

Purpose

Learners credited with this standard will be able to apply relevant legislation and regulations to the context in which they operate. The environment in which lifting machines are operated is inherently dangerous and therefore needs to be regulated to prevent injury and death. Learners will be capable of ensuring their own safety and that of fellow workers through the responsible use of lifting machines.

Learners credited with this Unit Standard will be capable of:

- Explaining the legislative framework governing lifting machines.
- Explaining the Driven Machinery Regulations (1988) [DMR] and related Regulations.
- Maintaining the safety of self and others.

SAQA ID: 260778

NQF Level: 3

Credits: 8

Accrediting SETA: TETA

Duration: 3 Days

Recommended Entry Criteria

Communication at NQF Level 2.

Unit Standard Range

N/A

Specific Outcomes

1. Explain the legislative framework governing lifting machines.
2. Explain the Driven Machinery Regulations (1988) [DMR] and related Regulations.
3. Ensure the safety of self and others.
